## BROOKLAWN COUNTRY CLUB'S HANDSOME NEW HOME WILL BE EXTENSIVE COLONIAL MANSION

Work has now commenced on what, when completed, will undoubtedly be one of the handsomest club houses in this section of the country. The new home of the Brooklawn Country club. This is to cover a plot of ground some 200 by 45 feet in dimensions on the crest of the hill high above the present club house and just before a patch of woods which graces its very top. It is what in what is known as the 17th green and will face almost due east. The club house, when completed, will resemble an extensive Colonial mansion. It will be two stories in height, built of wood, its exterior walls being clapboarded and its roof shingled. Its general shape will be that of an "L." The entire structure to carry out its Colonial type, will be painted white. Between \$85,000 and \$90,000 will be expended upon the building and its furnishings.

There is to be nothing formal appearing about the building. The main entrance will be under a two story, pillared porch from which, on either side, extend one story porches. These porches will vary in width, some of them being 20 feet wide, and, with the several terraces, will extend entirely around the east, north and south sides of the building. The porches will be paved with brick. The dormer windows of the second floor will set out from the low-sloping roof. The interior arrangement and furnishings of the building will compare with its handsome exterior. Just within the main portal will be a stair or entrance hall at one end of which will be the ladies' room. The office will also open off the hall near the main entrance. Opening from the hall will be the lounge room, 25 by 62 feet in dimensions, the dining room, which will be approximately 35 by 45 feet, and a private dining room 21 by 25 feet in size. These three rooms will have

## SHERMAN'S MARCH TO THE SEA IS GREAT SCENE IN GRIFFITH SPECTACLE, "BIRTH OF A NATION"

D. W. Griffith's mighty spectacle "The Birth of a Nation," begins its engagement at Poli's, Monday afternoon. There will be two performances daily at 8:30 and 2:30 p. m.

Nothing like a more wonderful attraction has ever been seen upon the local boards. It is given here exactly as it is being presented in New York city where the big drama has broken

every record in the stage history of the first city in the country. In addition the piece has piled up record engagements in Chicago, Boston, San Francisco and Los Angeles.

It covers a wide range of American history and touches only the highest points of interest in the great events that led up to and terminated the Civil War. The force that slavery played in producing this crisis is traced from its inception to its abolition. While the basic theme is historical

## BIG JITNEY BUS SKIDS INTO CAR; MANY IN PERIL

One Passenger Receives  
Broken Shoulder in East  
Main Street Accident.

Traveling at the rate of about 15 miles an hour, a jitney bus, license No. 1071 L. Conn., driven by Stephen Kerkens of 101 Oilean street, Norwalk, transporting employees of the Remington-Arms works from their homes in Norwalk to their places of employment, at 8 o'clock this morning, skidded on the wet Warren pavement at Arctic and East Main streets and collided with the rear end of trolley car No. 175 and imperiling the lives of its 20 or more passengers.

The trolley car was heading north and the jitney bus was driving east on Arctic street when the collision occurred. The rear fender of the trolley was demolished while the hood of the automobile was completely wrecked and the left forward wheel crushed to a pulp.

The passengers were considerably shaken up and received many minor bruises. The most seriously injured of the occupants of the jitney was David L. Currie, 27 Isaac street, Norwalk, employed at the arms plant in this city. He received a fracture of the left shoulder. He was removed to the emergency hospital where treatment was administered by Dr. E. B. Weldon. He then went to his home.

The trolley car was operated by Mortimer Michael Buckley, 533 North Main street, who was not injured in the accident and witnesses to the accident in their statements to the authorities exonerate the trolleyman from all blame. No arrests were made.

## HUGE WAR LOAN SUBSCRIPTIONS COMING IN FAST

New York, Oct. 2.—Underwriters of the \$500,000,000 Anglo-French bond issue soon to be offered the public were of the opinion today that the entire amount would be subscribed within a few days. The bids will be closed, in all probability, early next week.

The 60 banks, trust companies and financial institutions which comprise the underwriting syndicate in New York city were cheered by the support given them from Jewish clients. The definite announcement by a member of the Anglo-French commission that Russia would not be a participant in the funds derived is believed to have entered, to large extent, into the decision of Jews to subscribe.

Figures as to the total subscribed placed the sum at \$365,000,000 as of Thursday night. The remaining \$135,000,000, it was thought, would be obtained without great difficulty. Many Western cities and towns are yet to be heard from and in those already reported, it was said, support had been stronger than at first anticipated.

In the possible event of an over subscription, it was said that the applicants for relatively small allotments would be considered first. Payments on the bonds will be made in three installments, 25 per cent. each on October 15 and November 15, and the remaining 50 per cent. on December 15.

Mrs. Sarah Schulz, of Hietksville, L. I., celebrated her 100th birthday.

### DROP MISSING SHEPHERD WHO FORGOT BILLS

Trustees of Fashionable  
Church Vote to Get An-  
other Pastor.

(Special to The Farmer.)  
Georgetown, Oct. 2.—At the meeting of the board of trustees of the Gilbert Memorial Congregational church, last night, Rev. John L. Garland, erstwhile pastor, was dropped.

In Georgetown last night it was asserted that during the six months' stay of Mr. Garland, he managed to obtain about \$2,000. He is said to have told "hard luck" stories, principally about debts that accumulated while he was working his way through college.

Going away, Mr. Garland overlooked his bills, and the grocer, furniture dealer and others haven't been able to find him to remind him of the mistake.

The minister is 33 years old. He was born in Newfoundland. There is considerable speculation as to what Mr. Garland did with his money. There were those who whispered that he was not above making a wager on a game of baseball, when he had his convictions about the nine's ability, and it was further whispered that he generally guessed wrong. He was unassuming in his demeanor and was not a man of vicious habits.

Mrs. Garland is puzzled. She is quoted as remarking: "There are just two things I want to know and they are, why Mr. Garland married me, and what he did with his money." Mrs. Garland expressed the opinion that her husband had had a bright future and was clever and was well educated and had a strong personality and he started out successfully and why he should turn out this way she didn't know.

#### A CORRECTION

In last evening's Farmer there appeared a typographical error in The Romance column. A woman's \$28.50 suit for \$21.50 and should have read a \$29.50 suit for \$21.50. This means is taken to correct the error—see, corrected advertisement of the Housatonic Co. on another page of this issue of The Farmer.
